

## **New Valeo Engine Cooling European Catalogue 2006**

**PARIS, France, 2<sup>nd</sup> January 2006** – The new 2006 edition of the Engine Cooling catalogue has just been released by Valeo, specialist in this field.

The catalogue covers 10 product lines (radiators, intercoolers, oil cooler, cooling fans etc...) for Passenger Cars and Light Utility Vehicles.

With over 2900 references of which 334 are completely new, Valeo's product offer for this market covers over 95 % of the European car park including the most recent vehicles such as the Renault Clio III, Citroën C4, Peugeot 1007, Volkswagen Golf IV and the Dacia Logan.

All products are marked with valeorigin, a guarantee of the original quality or equivalent to original quality part.

Simple and easy to use, the new catalogue:

- includes illustrations for rapid product identification (220 new technical drawings included in this 2006 edition)
- includes all OE corresponding references and those of other market players.
- indicates the manufacturer type directly opposite the vehicle application

*Valeo Service is the aftermarket activity of the Valeo Group and supplies high quality parts and services to both OES and IAM customers. Valeo Service is supported by the expertise of its twelve industrial branches and their leading positions in the Original Equipment market. Valeo Service has one of the most extensive offers for the aftermarket with 176 product ranges covering 12 product functions for passenger and commercial vehicles.
